Meeting minutes – Minutes approved.

Treasurer's Report – We don't have a treasurer this meeting.

Wednesday Net Report – No net report.

QSL Report – Major change in the amount the club owes Nick. The club now owes Nick an additional \$1.35. The QSL was for a QSO in 2005.

Museum News – Mike talked to Aubrey. Club can store its equipment with the museum's stuff during the hiatus. Still unclear as to what to do about tower and antennas. Club may be able to piggyback on museum move of external displays. Aubrey agreed that the museum intends to keep the club as an integral part of the museum.

Museum Status per Steve Stitzer – Museum to close in last week of October. There is apparently a promising possibility of sharing a location with another museum for about a year. Museum to meet with both AA and Howard counties as well.

Pearl Harbor W2W – Operational dates are December 2 through 12. Tom Christovich would like to have the W2W event from the museum location and so would like to have the station pack up occur after the event. Suggestion was made to do a partial packing up so as to spread out the pain. Nick suggested discussion at November meeting with boxing up starting on or after December 13. Tom and Mike will come up with a demobilization plan to present at the November meeting. Tentative target date for demobilization is end of January 2023.

School Club Roundup – The School Club Roundup is next week. Anyone interested in operating should contact Tom Christovich at Tom.christovich@gmail.com. The event is mostly an afternoon, some evening operation.

Technician class – ending next week. Over 100 enrollees, with approximately 70 attending virtually each session. The classes are recorded and kept until the question pool is changed.

General class – starting 10/27. If interested contact Roland.Anders@Comcast.net
