

Minutes of the ARC NEM meeting November 8, 2022

In attendance were:

Jim N3GOO, Mike K4DUM, Uwe DF2IR, Neil W3ZQI, Melvin KC3TAT, Rich N3MOB, Charlie K2ZVV,
Fred AI3Z, Dean VE4DMW, Rich W7HGE, Jim K3YMI, Fred KA3CXQ, Steve WA3ZWC, Jim AB3CA

Meeting started at 1800EDT.

Mike K4DUM presented a K3NEM relocation plan. The early highlights are mentioned in the museum news section below. New potential space is approximately 5000 square feet, about half of the current museum area. Standalone building, one floor, currently half occupied.

Meeting minutes – Minutes approved.

Treasurer's report – Unchanged from two months ago.

Museum News – Operation to cease at museum after W2W. Relocation by March 31, 2023. Museum has highly speculative new site in fall 2023. Intent is to have Ham station as part of exhibit space. Potentially smaller footprint. Desire to maintain two operating positions. Antennas are the biggest unknown. Assuming we will not relocate the existing tower but will deinstall and retain and/or dispose of antennas and rotor.
